## Description of the mobility experience

### 21 OBJECTIVE OF THE MOBILITY EXPERIENCE \*

Participants will

- brush-up their English, and have the opportunity to practice English and gain confidence
- engage in a number of activities that can in turn be used in the classroom
- gain confidence in teaching through English
- become more familiar with CLIL methodology
- be better able to plan lessons using CLIL methodology
- be provided with some hands-on activities and ideas

### 22 EDUCATION OR TRAINING INITIATIVE IN THE COURSE OF WHICH THE MOBILITY EXPERIENCE WAS COMPLETED

This course is aimed at non-native language teachers or teachers of other subjects, working in **secondary schools**, who have just started using CLIL (Content and Language Integrated Learning) or intend to implement this approach in their classroom. CLIL is used in schools to teach subjects such as sciences, history and maths, using a foreign language. Whether it is the language teacher teaching another subject in a foreign language or the subject teacher using a foreign language to teach content, both lead to the integrated learning of content and language.

This course will, first of all, provide an opportunity for teachers to brush-up their English language skills and gain the confidence they need to be able to use English during CLIL lessons. Secondly, the methodology component of the course will provide teachers with the knowledge of the underlying CLIL principles and many practical ideas for their CLIL lessons.
